WALKER STATEMENT ON BOARD APPROVAL OF HOUSING FOR PEOPLE WITH MENTAL ILLNESS

MILWAUKEE - County Executive Scott Walker made the following statement today in response to today's County Board approval of the proposals that came out of a joint taskforce appointed by Walker and Mayor Barrett to provide housing for those with mental illness:

"Milwaukee County's care of its residents suffering from mental illness moved another step forward today with the Milwaukee County Board's approval of funding to build two housing units on Milwaukee's north side. The United Christian Church/Cardinal Capital Management and the Guest House/Heartland Housing projects will develop housing for persons with mental illness."
